collection

We are a flooring manufacturer whose focus is service. We provide the tailored flooring you need for any project, from all types of custom and running-line carpets, to area rugs and LVT – but the difference is, every aspect of your experience with ENCORE matters to us. We will listen to every detail of your vision and use our expertise to deliver solutions that exceed your expectations.

Whether it's flooring for hospitality spaces, senior living, multi-family, or gaming, our mission is to deliver the highest quality product with an unrelenting devotion to anticipate your needs and shepherd your project from design inception to long after the project is installed.

Your experience is going to be easy, and the end result exactly right, every time. We are a completely different approach to designing and specifying flooring. We not only bring you the highest-quality flooring products – we bring you an experience that is so refreshingly easy, you'll ask for an ENCORE.

New Life collection

ENCORE's *NEW LIFE* collection, is an aesthetic highlighting sustainability and creativity, underlining innovative use of materials and their reuse. It fosters introspection about our relationship with the environment and the cycle of consumption and renewal. Through practices like upcycling, visible mending, and curatorial salvaging, it transforms discarded items into worthwhile pieces. This aesthetic showcases the beauty in repurposing, giving second life to objects, promoting sustainable design, mindful consumption, and a deep regard for every material's potential in its different forms.

For our *NEW LIFE* collection, we have teamed up with The Recycling Partnership. The Recycling Partnership both *insists* on meaningful change across the recycling system and *assists* communities, companies, and policymakers in enacting such change. The Recycling Partnership is a team of experts, practitioners, and thought leaders who are deeply invested in protecting our natural resources, creating more sustainable communities, and delivering on their mission of building a better recycling system.

For each design from the *New Life* collection specified, ENCORE will make a donation to The Recycling Partnership.

OUR COMMITMENT TO THE NEXT GENERATION

ACCOUNT

Reporting Our Baseline

Transparency is critical to establishing the path forward with trust. We're leveraging third party standards to share our impacts and craft a plan for how to create change.

ACT

Reducing Our Impacts

We're investing in major reductions to our manufacturing and operational impacts. We expect obstacles and challenges to our goals - and we commit to sticking with them.

AMPLIFY

Inviting Engagement

No single entity can shift the trajectory of an industry alone. We're sharing our journey to inspire others to join us - from suppliers to designers and competitors.
